

BOARD
HINGE

BOARD | HINGE

FINISH OPTIONS

The Hinge Board is available in chalk, whiteboard or cork with all visible steel parts powder coated in white-grey.

DIMENSIONS

Width: 400cm
Height: 100cm, 120cm

SURFACE SPECIFICATIONS

- Sandwich construction with honeycomb core makes surface solid but also lightweight
- All writing surfaces are magnetic
- Surfaces finished in green for chalk or white P3 ceramic steel for dry-erase markers
- When opened, board gives no less than 6m of writing space
- Stove-enameled aluminum sections and plastic corners are sealed against water penetration
- Aluminum chalk shelf and dust trays come standard with rounded plastic caps
- Rounded corner pieces and end caps are used to ensure maximum safety

FRAME SPECIFICATIONS

- Melamine resin coated frame construction for wall mounting, floor mounting and mobile version
- Mobile model has two stove-enameled aluminum feet with small non-locking casters
- Roll-down guides adjust board to suitable level
- Optional equipment includes insert panels, map holders, chart clamps and additional sponge trays

FINISHING SPECIFICATIONS

- All pillars, frames and visible steel parts are epoxy and powder-coated in white-grey color
