Width: 27"  
Depth: 19.5"  
Height  
Adj: 23"–29"

### MARQUIS

Width: 32.5"  
Depth: 21"  
Height  
Adj: 23"–29"

### BELLY CURVE

Width: 25.5"  
Depth: 19"  
Height  
Adj: 23"–29"

## WORKSURFACE SPECIFICATIONS

- 1" thick (optional ¾") PVC Thermofoil surface with pencil groove
- Core is 31–55lb. Medium Density Fiberboard (MDF)
- Foil seamlessly covers surface faces and edges – sealed with a specialty topcoat formulated to improve performance
- One seam at bottom, eliminating problems with spilled liquids or dirt accumulating in edgebanding
- Thermally-fused melamine underside for superior screw holding strength
- Available in an array of worksurfaces sizes and shapes
- Edges – Choose between Waterfall, Slope and Cliff edge

## BASE SPECIFICATIONS

- 1.25" round 18 gauge steel tube
- Adjustable from 21"–29"
- Adjust in 1" increments and firmly lock into place with heavy-duty set screws
- Constructed with heavy-gauge tubular steel
- Legs are reinforced with solid #4 steel rod braces, steel-welded to leg plates
- Available with wire book rack

## GLIDE SPECIFICATIONS

- 1.25" rubber cushioned, non-marring glides
- Nickel plated with steel ball joint swivel
- Also available in steel
